

**BIA NATURAL RESOURCE ACTIVITIES IN THE KLAMATH BASIN
1998 – 2003 (to date)**

1998

\$130,000	Klamath River flow study		
\$238,340	Watershed Restoration project in Supply creek		
\$179,912	Watershed Assessment training for Tectah Creek		
\$ 92,682	Lower Klamath River aquatic habitat restoration		
\$ 50,000	Fisheries rights protection	sub total	\$690,934

1999

\$145,000	Klamath River flow study		
\$151,444	Monitoring of timer sales from last five years		
\$115,878	Steinicher Road decommissioning		
\$ 84,330	Assessment of anadromous salmon stocks in Blue Creek		
\$ 75,000	Trinity River digital imagery processor		
		sub total	\$571,652

2000

\$115,000	Klamath River flow study		
\$137,762	Watershed restoration implementation and training in Tectah Creek		
\$ 82,880	Lower Klamath tributaries baseline monitoring		
\$ 27,507	Partial funding of lower Klamath Watershed Assessment		
\$ 7,500	Klamath River Intertribal Fish and Water Commission		
		sub total	\$370,649

2001

\$149,259	Watershed restoration implementation and training Tectah Creek part 2		
\$ 82,203	Ishi-Pishi restoration planning		
\$130,240	Steinicher Road decommissioning, continued		
\$149,706	Terwer Creek watershed assessment		
\$ 64,832	Terwer Creek anadromous fish survey		
\$ 50,000	Klamath River Intertribal Fish and Water Commission		
		sub total	\$626,240

2002

\$ 18,330	Baseline conditions for water quality/fish abundance		
\$ 69,120	Hydrology technician to monitor logging area streams		
\$128,401	Steinicher Road decommissioning (final portion)		
\$149,801	Tectah Creek restoration projects (part 2)		
\$108,759	Baseline monitoring in the lower Klamath River		
\$ 48,250	Trinity Supplemental Environmental Impact Statement preparation and participation		
\$ 48,250	Klamath River Basin fisheries and water quality investigations		
\$ 141,325	Tribal participation in ongoing water management planning, water rights negotiations, ESA Section 7 consultation, and fisheries issues		
		sub total	\$712,236

2003 funding (projected)

\$146,980	Hydrological monitoring
\$ 96,446	Lower Klamath fish passage & habitat improvement
\$149,800	Tectah Creek watershed restoration training
\$ 45,000	Klamath Basin fisheries and water quality investigations
\$ 27,000	Technical consultants and active tribal participation in Klamath River Basin activities affecting the river's resources important to Tribe
\$ 30,000	Klamath River Intertribal Fish and Water Commission
\$ 25,000	Klamath River flow study

sub total \$520,226

FY98-03 TOTAL \$3,491,937
